As there is a deal of excitement caused by the Swedish Nightingale, so there is about the *Life like* Pictures taken by WILLIAMS. Have you visited their rooms? If not, do not fail to soon, because he has made up his mind, to stay in Newport but a few weeks longer. What a token of remembrance such a perfect likeness! When friends are separated from us, with what pleasure can we behold their features to our eyes by having that which no family should be without; it brings to our mind those joyous hours which we long to see new. Then, reader, make it your duty to call in this place of such pleasure, and you will never be sorry. The subscriber has all the latest improvements in the art, and by the power of steam he is enabled to take a correct likeness in the short space of 3 seconds.

LIFE ASSURANCE.
ÆTNA INSURANCE CO., HARTFORD CONN. ANNUITY FUND, $150,000.
Safety—Stability—Economy.

THIS long established and well known company having acquired a large amount of capital for life assurance, with an entirely distinct capital exclusively for fire risks, is now prepared to offer to the public the most favorable terms for the payment of life assurance premiums, by the payment of which a life assurance policy is purchased for those who cannot otherwise do so. The rates of premium are as low as is consistent with ultimate safety. The system adopted by this company is considered by many as the most equitable for the assured, combining as it does the certainty and economy and at the same time requires a large premium than is actually necessary for the purpose, with the promise of receiving under the definite name of profits or dividends, the excess of premium which ought never to have been taken. It is attended with none of those revulsions and panics which are inseparable from the mutual system; it is perfectly simple as well as uniform and equal in all its operations.

Policies will be granted in the usual forms, payable after death, or upon the party's arriving at the age of 70, 65, 60, 55, or 60, at his option; and when such first fall to the claims of creditors. The usual extra risks will be assumed by the company at reasonable rates.

THE PHILOSOPHY OF DALLEY'S GENUINE PAIN EXTRACTOR.

(Not Theoretically, but) From the Investigation of Prof. Nott's Sunday Times, of Feb. 2, 1851.

NOT A PUFF—A few days ago we called at one of the little drug'ist out of the corporation of the paper accidentally took a glance at the green colored bottle, (for such we are to term it) which contained the Pain Extractor, and was struck with the name, the peculiar form of the bottle, and the entirely new and peculiar label. It would be unnecessary to speak to the reader of the many pain killers, &c., that are in use, and the only result by introducing Dalley's Pain Extractor, that was freely spoken of, it would be unnecessary, the peculiar form of the bottle and the label entirely disappearing, and by that means a secret. As the name and form is a personal matter, we are not at liberty to describe, but every family in the country should have a bottle of it in the house, as it is the only article of the kind that can be relied on in case of accident. It is for sale by all druggists and dealers in medicines throughout the country, and at the office of the proprietor, No. 10 Ann street, New York. NEWPORT, FRIDAY MORNING, JUNE 7, 1851.

...ce to Oliver Read, Esq., late Collector of Taxes, to say that he was not removed from office at the late Town Meeting, for not having faithfully discharged his duties; it was one of those political freaks which will sometimes occur as regard to the best of men. When Mr. Read first took the office, its affairs were in a lamentably deranged condition, and but few men would have had the courage to have undertaken to discharge its duties.—For years previous, the book of the Tax was not collected until within a short time of ordering a new Tax,—and even then all the Taxes were not collected. When Mr. Read came in, after having collected the Tax assessed while the late Mr. Hull was Collector, at the own request, the Town ordered the Tax to be collected in sixty days. Mr. Read carried out the law to the letter, and collected every cent within the required time, and he only asked $200 for his services, while $300, and even more had been paid to previous Collectors.

It is to Mr. Read, therefore, that our citizens are indebted for the improvements which have been made in the system of collecting Taxes, and the saving of an important sum to the Town. As *Collector of Taxes*, he has never had his equal in this town. No man who voted against him could possibly question his admirable qualifications for the office. His successor, James Horswell, Esq., has a comparatively easy duty to discharge, as he will only have to follow up the system established by Mr. Read, and which he prosecuted with so much energy and ability.

☞Rev. Joseph Taggart, of New York, will preach at Rev. Dr. Choules' Church, to-morrow, at the usual hours

☞An adjourned meeting of the Town Council was holden at the Clerk's office on Thursday evening.

Upon the subject of appointing two persons from each ward in conformity with the recommendation of the Finance Committee, and the directions of the Town, the Board select as follows, to make a valuation of Estates for taxation, as ordered by the Town:—

First Ward.—Daniel C. Denham, Lewis Barlow.

Second Ward.—John Sisrne, William Stevens.

Third Ward.—Benjamin H. Ailman, John T. Bush.

Fourth Ward.—Stephen M. Stedman, Robert R. Carr.

Fifth Ward.—Edward Hammett, Benj. S. Seattle.

The following officers were then elected:—

Robert Seattle, Overseer of the Poor, Constable and Inspector of Nuisances.

Sylvester R. Hazard and John Hazard Watson, Public Night Watch.

Sylvester R. Hazard, John Hazard Watson, and Henry Taggart, Constables.

George Turner, Esq., is appointed Town's Attorney for the year ensuing, on the same terms he offered and was accepted last year, $200.

James Horswell appointed to wind up Town Clock in State House, at same terms last year.

Tavern licences and for less than a quart to be drank on the premises, $20. Not less than a quart, not to be drank on the premises, $10. No application to be considered to be made until the money is deposited with the Clerk.

Sylvester R. Hazard appointed Captain of the Watch. Watch to go on at 8 o'clock, P. M., and to come off at ... o'clock daylight in the morning.

Joseph P. Babcock and Joseph Aylesworth appointed occasional watchmen to fill vacancies.

Silas H. Cottrell appointed committee to agree with some one of the printers to do the printing of the Town for the year ensuing.

☞Mr. Geo. S. Easton, of New York, died at the Galt House, at 2 o'clock, P. M., yesterday, with the cholera. He came from St Louis on the Pike No. 9, reaching here Wednesday morning, with the premonitory symptoms upon him, but without taking any remedies to check it. All day Thursday he kept his room, but without disclosing to his friends that he was unwell. Thursday evening he sent for Mr. Faulds for the first time, having cramp in his legs. Medical assistance was called in, but the disease had made too rapid inroads upon the constitution to be arrested by human skill or attention, and about 2 o'clock yesterday afternoon, he died.—There were several friends from New York with him.—[Louisville Courier.

THE WILLIS AND WEBB AFFAIR.—An application has been made to the Superior Court, by Smith Coddington and Mary J. his wife (formerly Miss Inman) to require James Watson Webb, of the Courier and Enquirer, to deliver up certain letters retained by him, which passed between the lady and Mr. Willis many years since, when she was a girl only 16 years of age; and that Webb may be perpetually restrained and enjoined from making, or permitting to be made any copy or extract of or from said notes, letters, correspondence and papers, or any or either of them, and from publishing, exposing, inspecting, reading, using, interfering with, or controlling, and from permitting or suffering any other person or persons to publish, expose, inspect, read, use, control, or interfere with the said notes, letters, correspondence, &c. The order to that effect has been issued by Judge Sandford.

This is the correspondence referred to by Col. Webb in his recent attack on Mr. Willis, and which the lady now swears, took place when she was a young girl, just from boarding school, and wholly unexperienced in the usages of society. The following is a portion of her affidavit:—

That having been mentioned in some newspaper article of said Nathaniel P. Willis as the author of a work of fiction then published, she wrote a note to said Willis to disavow the authorship of such work. That the said Willis replied to said note, and a correspondence which thus commenced continued for the period of about two months, when the fact of its existence became known to her parents; that although she has no particular recollection of the contents of her letters to said Willis, she believes that they may contain some statements or passages entirely imaginative; but which, by false application or perversion of their meaning, might be construed to her prejudice; and upon which the said James Watson Webb, has, in the article from his newspaper, hereinbefore alleged, based a charge of impurity against her which she most solemnly avers to be totally without foundation in truth.

It further appears that the letters were enclosed in a sealed package and entrusted to Webb to hand over to Mr. Inman, which he failed to do, and in violation of the trust and confidence reposed in him he opened the same and read and exposed the letters.

The statements of Mrs. Coddington are corroborated by the affidavit of Mr. George Buckham, and of her mother, Mrs. Inman.

It is unnecessary to comment upon the conduct of Col. Webb in this affair; its infamy is too apparent; and the public will view it with disgust and abhorrence.

TO BE HUNG.—At this moment our prisons present the melancholy spectacle of no fewer than six candidates for the gibbet, all waiting their turn for the hangman's office! A dreadful reflection, indeed.

Henry Carnel, to be hanged 27th June.
James Wall, " " "
Aaron B. Stookey, " " "
Edw. F. Douglass, to be hung 25th of July.
James Clements, " " of July
Thomas Benson, " " of July.—*N. Y. Express.*

☞Robert E. Horner, doorkeeper of the United States House of Representatives, died at Queenston, near Princeton, N. J., on Thursday last. His disease was consumption. His health has been rapidly failing since last winter, and especially since the adjournment of Congress.

TECUMSEH'S WAR HATCHET.—"We have in our office," says the Cleveland Plaindealer, "a most interesting relic—a war hatchet of the great Tecumseh. It was picked up during the battle in which that crafty chieftain lost his life, and has passed through various hands to its present proprietor, Mr. Russell. The offensive part is of English manufacture, about six inches long, very narrow like an adze, and seems suited to inflict an ugly gash. The handle is oak beautifully stained, and is perforated so as to answer the purpose of a pipestem to the head of the hatchet, which is the bowl. A strip of silver with the word 'Tecumseh' engraved upon it, ornaments the face of the weapon. We are glad to learn that Mr. Russell intends to place it in the Cabinet of the Cleveland Medical College.

☞The celebrated Bateman children, Kate and Ellen, go passengers in the Baltic, to Liverpool, on Saturday next. 7th June.

Mr. Webster's celebrated letter to the Chevalier Hulsemann, the Austrain Charge at Washington, has been published in full at Buenos Ayres, in the Packet.

SIMS the returned fugitive, has not been sent to Havana, but a correspondent of the Evening Post says that his owner is trying to sell him to some planter in the interior.

BY TELEGRAPH.

New Bedford, June 5th.

A letter from Capt. Drew, of the ship Oneco, of Boston, says that on his passage from Sydney, N. S. W. Manilla, he touched at the island of Ascension, and there found the whale ship Boy, of Warren, Rhode Island, in charge of the 4th officer, Mr. Thomas Merry, who stated that Capt. Obed Luce and five of the crew had been murdered at one of the Caroline Islands, January 15th.

The Mercury hopes that immediate measures will be taken to chastise the savages.

The intelligence from the whaling fleet is favorable, especially as to the catch of sperm oil.

THE WIND ABOUT TO SHIFT.—The following paragraph is from a letter in the N. Y. Herald, from Boston:—

There are rumors of a change in the ownership and editorship of the Commonwealth newspaper, the Free soil organ. It is said that it is to pass into the hands of a wealthy gentleman, who will confer the chief editorship upon Mr. Palfrey. The warmth of the Commonwealth has rather offended the *sans culottes* in white kid gloves, who have the leading of the Free Soilers, and who are engaged in "inventing an invention" whereby gentlemen can touch pitch without defiling their beautiful paws.

SECESSION ANTICIPATED.—The Greenville, S. C., Patriot states that the bills of South Carolina banks are already beginning to return from Georgia and Alabama, under the suspicion that their credit will be affected by the civil commotions of the State. Some of the merchants are already ordering their shipments to be made to Savannah instead of Charleston. One gentleman, it is said, who has spent perhaps a hundred thousand dollars in Greenville, drawn from his estate in Georgia, is about to leave the 'sinking ship,' and cast his habitation where he may be quiet and live in peace. Thus it is the anticipations of secessions are proving disastrous to the State. We learn from high authority in South Carolina that the proportion of secessionists is only about one third of the voters in the State.

☞A short time after the death of Andrew Jackson, Senator Corwin and a friend who were riding together in a stage coach, fell into conversation concerning the Hero of the Hermitage, and after speaking of the General's indomitable perseverance, Corwin's friend asked him "if he thought the General was in heaven." "I don't know," said Tom, his marked countenance relaxing at the conception of the joke, "I don't know, but if the General made up his mind to go to heaven, all——could not prevent him.

☞At the Banquet given by the Metropolitan Local Committee to the Foreign Commissioners of the Great Exhibition, Mr. Paxton, the designer of the Crystal Palace, stated that he had been disappointed in the success of the project of the Exhibition only in one respect. He had thought that the Palace would be a difficult place to keep clean, and he had designed a machine to obviate that inconvenience of a hundred house-maid-power, and had put the Commissioners to some expense in having these machines made, but they had not been called into requisition, for they were not needed, as *the building had been kept clean by the rich silk dresses of the ladies.*

☞Hon. John C. Spencer has declined the appointment tendered to him, of commissioner to settle land claims in California.

JOHN H. SMITH'S RENOVATING OINTMENT AND HORSE RENOVATING POWDERS.—The author of our exhibition has caused to grow spontaneously, throughout the world, such vegetable properties as will at once cure, when properly applied, all curable diseases. The proprietor of these truly valuable Medicines might fill a volume with Certificates and Testimonials in favor of his articles; but, considering such puffs wholly useless, since they are so readily manufactured, and make use of such an extent to palm off upon the public. I shall, therefore, state at once, the various diseases that can be speedily cured by these Invaluable Horse Renovating Powders, viz.—Distemper, Hidebound, and Horse Distemper. It also carries off all gross humors, and purifies the blood. It is also a safe and certain cure for the HEAVES; Dwill also cleanse, at once, the stomach and bowels from lice, worms, &c., and again restore the stomach to healthy action.

SMITH'S RENOVATING OINTMENT is an invaluable remedy for horses, in the cure of the following diseases: Fresh Wounds, Galls of all kinds, Sprains, Bruises, Ringbones, Poll Evil, Wind Galls, Sprains, Sweeny, Fistula, Strains, Lameness, Foundered Feet, Cracks, and Scratches.

The above articles are to be had in most of the Cities and principal Villages throughout the United States, and the Canadas.

Price, 25 cents per box for the Ointment; 50 cents for the Horse Renovating Powders.

PHALON'S CHEMICAL HAIR INVIGORATOR.

THE enormous progressive increase in the sale of this unrivall'd article for renewing, beautifying and perpetuating the growth of the hair, is a proof the common sense and experience of a generous public will ensure the triumph of a genuine preparation, which sustains by its results the inventor's guarantee over all spurious nostrums, however they may be bolstered by fulsome puffs, or propelled by manufactured statements.—Where the hair is fallen off, it will, in all cases where the vitality of the roots has not been destroyed, produce a full growth of fibres, as elastic and glossy as those with which the denuded scalp was originally clothed. Where the hair is loosening, and thinning, it will refix the yielding roots and restore the growth on the spots which have become bald. If the hair is harsh and dry, the Chemical Invigorator will render it soft, flexible, and glossy; for it penetrates to the sacks in which the roots of the hair terminate, and is there conveyed through each tubular fibre, fabricating the dry substance and imparting vigor, beauty, and vegetative power to the whole mass of filaments. Instances where the head has become bald, or partially so, by disease, whether local or general, the Chemical Hair Invigorator will infallibly reproduce the lost covering of the scalp in its original profusion and beauty. It has the property of darkening the hair, as well as promoting its growth, electricity and Hectro. The lady or gentleman who uses it regularly, according to the directions, need not fear that age will bring, so far as they are concerned, its usual concomitants, grey hairs—not, at least, until years after the period when they ordinary make their appearance. In short—by young and old, by both sexes and all classes—Phalon's Chemical Hair Invigorator will be found not only the very best, but the only preparation by which the hair can be preserved in all its natural luxuriance, and endowed with all the additional beauty and perfection which it is the province of art to bestow.

HAIR DYEING.

Phalon's Magic Hair Dye, to color the hair or whiskers the moment it is applied without injury to the hair or skin. It can be washed immediately without disturbing the color, and has no bad odor. It is applied, and sold at GORTON ANDERSON'S Barbering and Hair Cutting Emporium, 103 Thames Street. june1 1y

AYER'S CHERRY PECTORAL,

For the Cure of
COUGHS, COLDS,
HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to underrate the merits of other pectorals in the public market, but to say boldly to the afflicted, that in this compound will be found the best antidote to the above distressing complaints that has yet been discovered. Other preparations may relieve, but this cures the most obstinate cases of Coughs, Colds, Influenza, Whooping-Cough, Croup, Bronchitis, Asthma, and even Consumption, when the seeds of the disease are planted in the system. Many of these results have been produced in America, where the climate and the sudden changes of the weather are the most active causes of Pulmonary complaints. Every family should have it in store as a protection against the early attacks of these diseases, which, if neglected, fasten upon the vitals with a power that defies the skill of the physician. Public confidence in this remedy, which has been tested by many years' trial, is the best guarantee we can offer for its virtues. Its unparalleled success has produced so many remarkable cures, that we deem it unnecessary to publish certificates in its favor, but the following, which we select from a large number in our possession, are from persons so well known that their statements will be believed by the most incredulous.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other impurities of the blood—and of the VERY SMALL QUANTITY which was used of a *Medicine to effect cures of such duration, be any proof of the purifying medical power in the Medicine which has worked and conquered such diseases—is there in existence such evidence that—*

BRANT'S INDIAN PURIFYING EXTRACT

is a Medicine which can purify the blood, and thereby expel disease, is proved by the following cures, which are only ONE PORTION of those which have been effected by it in the cases of Scrofula, Cancers, Ulcers, Tumors, Erysipelas, Rheumatism, Fever Sores, Scurvy, Eruptions, Pimples, Blotches, Boils, Blains, Sore Eyes, Mercurial Diseases, Female Weaknesses, Dyspepsia, Sour Stomach, Liver Complaint, Dropsy, Consumption, Piles, Fistula, Gout, Neuralgia, Tetter, Salt Rheum, Ringworm, Coughs, Colds, Asthma, Bronchitis, Sore Throat, Quinsy, Diseases of the Kidneys, Bladder, Urinary Organs, Nervous Debility, and all diseases arising from a disordered state of the Blood or Constitution.

Hundreds—Thousands—

who have used *BRANT'S PURIFIER*, after having tried in vain the usual remedies and other medicines for years ended in cure of blood diseases, have decided that

Brant's is the Cheapest;

because *one bottle* of it has *more* medical, curative matter in it, and is consequently *more powerful*, in such *less* quantity than *one bottle* of any other Purifier.

Hence, *one bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *Sarsaparilla*—BRANT'S PURIFIER would be as cheap at *four dollars* a bottle, as *sarsaparilla* at *one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a matter of much cost, and *capable of costing, FOUR TIMES* as much disease as one bottle of *Sarsaparilla*, therefore, Sarsaparilla, in consequence of its less power and less medical efficacy, should be sold at no more than *twenty-five cents* per bottle, to be as *cheap* as the PURIFIER at *one dollar*.

One Dollar's Worth!

How many CANCER—how much SYPHILIS—how much SCROFULOUS and other disease, have been *cured* by *BRANT'S PURIFIER* cure? Read the following statements, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who *yet lives*. He was *cured* of a worse case of SCROFULA, by only *twelve* bottles of Brant's Purifier, than ever was cured by three gallons of the best *Sarsaparilla* that was ever made. *Sarsaparilla has not sufficient medical power* to effect the cure of such a *terrible, hopeless case*.

Mr. J. B. HASKIN of *Rome, Oneida Co., N. Y.*, had *Scrofula for four years*—was cut and cut. Me lost the *last year*—he was so much diseased that the doctors said he could not live to raise his hand to his head. He had the *best medical advice*—had used ALL of the best *Sarsaparillas* in no good effect—got *worse and worse*, and was considered to be in a *dying state*, and could not live *twenty-four hours longer*, when he commenced using BRANT'S PURIFIER. His neck was eaten nearly off, *from ear to ear*; a hole was eaten through his windpipe, under his chin, so that to breathed through the hole; his ear was so eaten around that it could be *lifted* up out of its place, it only holding by a *small piece*; the size of *one arm* was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly *eaten through* his side into his body. This he was afflicted with *twenty inch putrid, acrid, offensive ulcers*, on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin in the day *before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world would not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured me a bottle of *BRANT'S PURIFYING EXTRACT*, of *Edwin L. Leonard*, druggist of Rome. I commenced using it that night, and began to get better. That bottle enabled me to get off my bed, where I had been confined *one year*; the *second bottle* enabled me to *get out of the house*; the *third bottle* enabled me to *walk two miles*, to Rome Centre, where I procured six *bottles more*, and when I had finished *entire them, removed* all of *twenty ulcers* that *healed up*—and these *bottles* more effected a PERFECT CURE of all the ulcers, and restored me to good health."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and confirmed to by Dr. T. WILLIAMS—Mr. J. R. BROWN, proprietor of the *Mont-Rome Hotel*—Messrs. RUSSELL & LEONARD, who were and retail druggists—and ELEVEN other *respectable witnesses*.
